

girls worldwide say 
“we can save our planet”

Have your say on Climate Change – NOW!

WAGGGS urges all Girl Guides and Girl Scouts to add their voice to the Youth Climate Debate. Share your opinion on climate change and get it heard at the UN Conference on Climate Change in Copenhagen in December.

Time is running so take action now:

1. **Find out** the questions about climate change on www.youtube.com/youthclimatedebate. At the moment the question is ‘do you think politicians are doing enough to prevent climate change?’
2. **Film** your response and the response of all your Guiding friends.
3. **Upload** your responses at www.youtube.com/youthclimatedebate before 1 December to have your voice heard at the conference.

Detailed instructions can be found at www.wagggsworld.org

Great opportunity!

Unite for Climate provides the opportunity for young people from developing countries to apply for a **flipcam** to film your response and the response of 50 of your friends. Afterwards the flipcam will be yours to keep. If you think you can meet the challenge fill in the application form on www.wagggsworld.org or contact bernadette@wagggsworld.org

The Youth Climate Debate is made available by www.uniteforclimate.org an internet platform for young climate activists. To find out more log-on and join the group ‘Girl Guides/Girl Scouts unite for climate’

This is your chance to make your voice heard!
