

FLIPCAM application for Youth Climate Debate

Have your say on Climate Change – NOW!

WAGGGS urges all Girl Guides and Girl Scouts to add their voice to the Youth Climate Debate. Share your opinion on climate change and get it heard at the UN Conference on Climate Change in Copenhagen in December.

Time is running out so take action now:

1. **Find out** the questions about climate change on www.youtube.com/youthclimatedebate. At the moment the question is 'do you think politicians are doing enough to prevent climate change?'
2. **Film** your response and the response of all your Guiding friends.
3. **Upload** your responses at www.youtube.com/youthclimatedebate before 1 December to have your voice heard at the conference.

Unite for Climate provides the opportunity for young people from developing countries to apply for a **flipcam** to film your response and the response of 50 of your friends. Afterwards the flipcam will be yours to keep. If you think you can meet the challenge fill in this application form and send it to bernadette@wagggsworld.org

Background: At the United Nations Climate Change Conference (15th Conference of Parties) in December in Copenhagen government representatives of most countries will gather to negotiate and agree upon how to tackle climate change. WAGGGS knows that climate change is real and that now is the time to act. You can add your voice to the negotiations

The Youth Climate Debate is made available by www.uniteforclimate.org an internet platform for young climate activists. To find out more log-on and join the group 'Girl Guides/Girl Scouts unite for climate'
