I would like this contribution to support the following area of WAGGGS: (Please indicate with an X – choose one only)

Leadership Development Program
- Turning girls into leaders

Despite growing recognition of the need to invest in girls and young women to create female leaders, far too many are still being held back because of harmful norms and gender stereotypes in society. Girls want to see transformative change during their lifetime, but too often they are not given the opportunity to speak up and take action to change their world, and the world around them. Through the innovative leadership development programme WAGGGS offers, we are helping to change this by giving girls the skills and opportunity to be heard. By supporting WAGGGS, you could help us turn a young girl into a leader so she can help create a safer, more equal world for girls and young women everywhere.

Advocacy Campaigning
- Empowering girls to take action

At WAGGGS we believe that girls are the experts on their needs and can make a significant contribution to the challenges that the world faces if they are given the right skills and opportunities to make their voices heard.

As the world's only Movement for every girl and any girl with ten million members spanning 146 countries we are uniquely placed to help tackle issues affecting girls through our approach to leadership and innovative learning programmes, which educates and inspires girls to speak out on all issues that affect them including; violence, HIV, climate change, gender equality, education and equal opportunities in the work place.

Membership Development
- Reaching out to more girls

Over 10 million girls are currently part of our Movement. We want to encourage more girls and young women to join us so we can help grow our voice on the global stage and ensure that the opinions and views of young girls are reflected in all decisions that are made.

Designated Fund
- Ensuring WAGGGS ' future

The capital and income of which can be used by the charity's trustees to safeguard the continuing development, promotion and expansion of WAGGGS

Data protection and confidentiality
