WOCO 2: 37TH WORLD CONFERENCE PROGRAMME & AGENDA

May 2021

Walking together, walking far.

37th WORLD CONFERENCE 2021

WELCOME TO THE 37TH WORLD CONFERENCE!

The World Board is looking forward to welcoming you to the virtual 37th World Conference that will take place from Tuesday 27 July to Saturday 31 July 2021!

We are excited to launch our new events platform at the beginning of July where the whole World Conference will be delivered. Before and during the World Conference, you will have the chance to speak and create networking sessions with other participants and your delegation within the platform. There will also be an exhibition space where the candidates, the bidding countries, Motion 32 and other exhibitors will display useful information. Check this exhibition area and schedule meetings to get to know them!

As the World Conference will be taking place virtually, there will only be two plenary sessions of 90 minutes each per day. Therefore, in addition to these plenary sessions, there will be online discussion sessions taking place in June and July before the World Conference. Find further information below.

As we continue the journey to this exciting event, I would like to thank all the people that are making the Conference possible – my World Board colleagues and wider WAGGGS Global Team; the Conference Planning Team; the World Board candidates and the bidding countries; Motion 32 Team Members and all the Member Organisations for playing an important role in the future direction of our Movement! I would also like to express my appreciation to the Uganda Girl Guides Association for all of their hard work and how sorry we are that we are not able to meet in Uganda.

I know it will be a great World Conference and now, it is over to you to ensure you make the most of this wonderful opportunity!

Yours in guiding and scouting,

Heidi Jokinen
World Board Chair

PRACTICAL INFORMATION

Dates
The 37th World Conference will take place over five days from Tuesday 27 July to Saturday 31 July 2021. Further details of the programme and session timings can be found later in this document.

Conference Platform
We are excited to introduce to you the conference platform where World Conference information and activities will take place.

You will be able to access the platform at the beginning of July. An email will be sent to all the registered World Conference participants with the login credentials.

The first time you log into the platform, it will ask you for permission to use the microphone and the camera. It will also check your internet connection speed and adapt the platform settings to make sure you can fully participate.

On this platform, you will find:
- Document library with all the conference documents in all languages
- Programme of the conference: you can join the plenary sessions in this space
- All the registered participants: talk to fellow participants and schedule meetings
- Exhibition space (with candidates' information, bidding countries, Motion 32…): check all the information, talk to them, and schedule meetings

We will show you how to navigate the platform during the orientation session and all the participants will receive more information about the platform in the next conference circular on 30 June 2021.

During the World Conference week, we will have a technical team ready to help any participant with technological problems.

What you will need
- A strong Wi-Fi or data connection
- A device (laptop/tablet/smartphone) with speakers and a microphone. If you want the other participants to see you, the device should also have a camera
- A headset or headphones will make it easier to speak and listen to other participants
- A setting where it is reasonably quiet – to make it easier to capture all the information
- A pen and paper – if you want to make notes during the sessions

Interpretation
At the World Conference, we welcome our friends from all over the world. This means that many people will be speaking and working in their second, third, or fourth language. We ask everybody to make an effort to speak clearly and slowly.

During the World Conference week, all plenary sessions will be in four different languages: Arabic, English, French, and Spanish. We would like to express our appreciation to the World Foundation for their financial support to make this virtual World Conference available in different languages.

PRE-CONFERENCE ENGAGEMENT

As the World Conference will be taking place virtually, there will only be two plenary sessions of 90 minutes each per day. Therefore, in addition to these plenary sessions, there will be online discussion sessions taking place in June and July before the World Conference. Find further information below.

ORIENTATION SESSIONS

Saturday 3 and Sunday 4 July 2021

We are offering a number of orientation sessions for Member Organisations. These would normally take place the day before World Conference officially begins, as everyone arrives at the conference venue. Because of the online format this time, and the different way the World Conference will be run, we are offering the orientation sessions more than three weeks before the conference begins. This is to help us all become comfortable with using and navigating around the conference platform, and understand how things will work during conference week. It will also help us to identify any technical challenges so these can be addressed before the conference. The orientation sessions will cover a run through of the programme, a summary of the World Conference Rules of Procedure, a voting test, and housekeeping arrangements.

There will be three orientation sessions between Saturday 3 and Sunday 4 July.

Language	English and French	English and Spanish	English and Arabic
When	Saturday 3 July at 1:30 pm UTC	Saturday 3 July at 6:00 pm UTC	Sunday 4 July at 9:30 am UTC

It is strongly recommended that each Member Organisation ensures that at least their Head Delegate (as there will be a voting test) and another member of their delegation can attend one of these sessions.
